

Sports Premium Impact Statement 2015 - 2016

South View Primary School is committed to ensuring broad, high quality provision in Physical Education and Sport. In ensuring that our community can realise increased participation in PE and Sport, all of our pupils can be encouraged to develop healthy lifestyles and reach the performance levels they are capable of.

From September 2015 our vision has been supported by additional government funding to promote PE & Sport. South View Primary School will receive approximately £14500 in the 2015/16 academic years.

| Project | Cost | Action | Outcome/Impact |
|---|---|--|---|
| Improve provision in curriculum physical education | £150 | Curriculum map for the whole school provision of PE | Teachers were able to cover the curriculum appropriately throughout the whole primary phase. Children had a range of physical experiences. |
| | £870 (Swimming coach £580) (Lifeguard £290) | Established regular swimming sessions for all children to access. | Whole school accessed swimming sessions with high quality coach. 100% of Y6 could swim 25 metres. The opportunity to use equipment that hasn't been offered before. |
| | £135.71 | Increase the opportunity to access multi-skills activities with equipment. | Lowering ratios of pupils to equipment. The activities provided with the new equipment allow staff to introduce new activities and encourage more pupils to engage in lessons. |

| | | | |
|---|--|---|--|
| <p>Improve the provision for competitive school sports</p> | <p>£1296 (Membership of Deeping Schools Sports Partnership)</p> <p>£230 (transport)</p> <p>£580 (Specialist running coach)</p> | <p>Inter school sports festivals and tournaments – Including cross country, rounders, kwik cricket, multi-skills, indoor athletics and hockey.</p> <p>High quality running club with a trained coach. 1 hour per week for 29 weeks.</p> | <p>Many KS2 and KS1 children had the opportunity to represent the school in sport against other schools.</p> <p>Allowing children to engage in competitive sport develops their team work skills, self-confidence and resilience. Increase the number of children participating in competitive inter school sports competitions.</p> <p>40 KS2 children accessed cross country competition taking part in competitive sport as part of inter school sports. This acts as a mentoring mechanism and helps to improve the quality and breadth of teaching with primary staff feeling more confident in their PE delivery. This has increased pupils' understanding of the benefits of physical exercise and participation rates in sporting activities. 80 children accessed a weekly running club with expert coaching.</p> |
| <p>Improve health focused physical activity</p> | <p>£0</p> | <p>Incorporated in to PSHCE lessons.</p> | <p>In pupil interviews children can talk about healthy food and balanced diet.</p> |
| <p>Total</p> | <p>£3261.71</p> | | |
